- Black iron cast

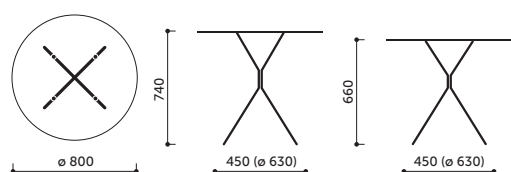

RBM Chic Table is the perfect surface to meet over.

The RBM Chic Table collection features a wide range of designs to choose from, including: a restaurant version on a metal frame, high versions on flat bases or low coffee table versions.

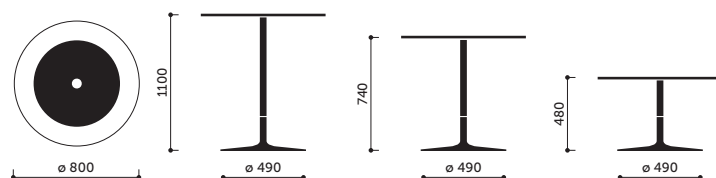

Each table in the collection is available in a range of heights and surface finishes, including wood covered with high-quality natural wood veneer, metal, glass or ceramics. This creates infinite possibilities for spatial arrangement. RBM Chic Table frames are available in black, white, Steelgrey and Metalsilver. Metal and ceramic tops are available in colours matching the frames, allowing for minimalistic and monochrome tables.
